Fraction Strips Worksheet

Objective: Students will shade a specified number of unit fractions on fraction strips and write the resulting fraction. Students will also explain the relationship between a fraction and its unit fractions.

1. Students will shade three 1/4 strips and write the resulting fraction.
2. Students will shade two 1/3 strips and write the resulting fraction.
3. Students will shade five 1/6 strips and write the resulting fraction.
4. Students will shade four 1/8 strips and write the resulting fraction.
5. Students will explain in one sentence why 3/4 is three copies of 1/4.
6. Students will shade seven 1/10 strips and write the resulting fraction.
7. Students will shade two 1/2 strips and write the resulting fraction.
8. Students will shade three 1/5 strips and write the resulting fraction.
9. Students will shade six 1/12 strips and write the resulting fraction.
10. Students will write 5/6 as a sum of unit fractions.

Grade 4 Reading - Chapter 6 Notes

Objective: Students will summarize the main events of Chapter 6 and identify the protagonist's motivation.

1. Review vocabulary: protagonist, motivation, summary. Ask students to predict what happens next based on the chapter title.
2. Read Chapter 6 aloud, pausing after each section to ask a comprehension question. Students jot one sentence per section in their reading journal.
